

A free planning tool for Marines approaching EAS

VetPath is a free website that turns a ten-minute questionnaire into a personal 30/60/90-day gameplan: the benefits worth checking, a career direction, and the documents to gather. It was built with veterans, every number is cited to an official source, and at every claims-related step it points Marines to one place: **accredited help - counselors, VSOs, and county service officers.**

What Marines get

- ✓ A personal, printable gameplan - not a wall of links. Prioritized 30/60/90-day steps built from their answers.
- ✓ An EAS-date timeline: enter the date and every phase carries real calendar months - claims windows, insurance conversions, enrollment deadlines.
- ✓ State benefits for all 50 states and D.C., cited to official sources - including a California sheet covering CalVet programs.
- ✓ A career direction with real federal pay data, and how to fund the training (GI Bill, VR&E, apprenticeships).
- ✓ A documents checklist - DD-214, medical records, COE - so the first counselor or VSO meeting starts further ahead.

What we promise

- ✓ **We route claims to accredited help, always.** The site tells Marines that VSO and county-office help is free, and warns against paid claims consultants. We never charge for claims assistance - it is a written rule.
- ✓ **We are not the VA, the DoW, or the Marine Corps** and never determine eligibility - planning and education only, labeled that way throughout. No endorsement is implied or claimed.
- ✓ **Free for Marines, always.** The tools, the plan, and the printouts cost a service member nothing - the privacy policy explains how data is handled in plain language.
- ✓ **Costs your office nothing.** No contract, no account to manage, no data shared with us about who uses it - just a sheet on the resource table.

What it looks like at the transition office

1. Put this sheet on the resource table or in the transition packet - the address below is all anyone needs.
2. A Marine spends about ten minutes on their phone and walks out with a plan they can print.
3. When the plan says "file a claim," it points to accredited help - and they arrive at that meeting with their paperwork list started.

TRY IT YOURSELF FIRST - AS YOURSELF
vetpathusa.com

Free · no app to install · works on any phone. Run the ten-minute quiz and see whether the plan it builds would help the Marines you counsel.

Built with veterans, verified against official sources. State, federal, and Reserve/Guard benefit content is researched from official sources and dated in the app. Where we are wrong, we want to know - that is how it gets better. Contact: **Kaleb Averell · kaleb@vetpathusa.com**

VetPath is a planning and education tool. It is not affiliated with or endorsed by the Department of War, the U.S. Marine Corps, or the VA. It is not a law firm or an accredited claims representative, and it never submits anything to the VA on a service member's behalf. Eligibility and amounts must be confirmed through VA.gov, the state veterans agency, or an accredited VSO. In crisis? Dial 988, then press 1 - free, confidential, 24/7.
