

FROM ONE VETERAN TO ANOTHER

The day I left the
military...

I had no idea what came
next - or which benefits
were **mine**.

Nobody told me what
I'd earned.

I found out the hard
way.

Benefits on 50
websites. Deadlines I
didn't know existed.

I kept asking: why
doesn't anyone hand you
this on day one?

SO WE STOPPED WAITING

My partner and I **built**
it ourselves.

VetPath - the plan I wish I'd been handed.

10 minutes → your 30/60/90-day plan.

Benefits · career · deadlines · every
number cited to official sources

Free. Always. That's the point.

No ads. Nothing sold to you.

Claims go to accredited help - never
paid consultants.

Save this for someone separating soon

Don't learn it the hard way like I did.
